Information

Curriculum (D. Adams)

Implements curriculum proposals with sign-off electronic; populates information from catalogue necessary for forms
Departments will decide the process for approval process and software will set this up
No more paper forms or chasing down signatures as of Jan. 2014
Training in late summer/early fall

Campus Climate (V. Whittlesey & C. Ziegler)

Val read a script so same message goes to all groups
May 22 want a working group meeting of committee
Need 1 individual to serve before May 22 (representative that covers 2 areas from FS or volunteer)

University (Dr. Papp)

Budget good because we covered hole caused by several factors: enrollment shortfall, remission back to state, and tuition projection revenues; many institutions in lot worse shape than KSU is; may have \$100K
Enrollment last summer down 8%, fall +1.8%, spring - 0.6%; other schools same trends
FY14 have new faculty hired; same number of students as FY13; 2 pots of money for emergencies
Moodie: recruit international/out-of-state undergraduates---yes; also recruiting for summer on other campuses; already in trouble with other presidents but they do billboards in ATL
Gaylor: cost side of process engineering---HR too develop employment packages to allow option of 10-month vs. 12-month for support staff when summer enrollment is lower; other ideas (must work with chairs/directors) to spread out work of one who leaves among other staff with a 25% increase in salary
Salary compression: looking at short-term and long-term solutions; some specific options being considered; looking at \$100K increment, compression ratios, and dividing money per college; all to be shared with faculty
Aust: looking at June 15 for contracts---yes
BoR meeting Savannah restructuring of organization: KSU & W. GA become a regional university
Praised faculty for job well done; students come because of good education and great faculty

Office of Crisis and Security (R. Lang)

Messages on cell on ADP
March emergency came 5:45 and office closed; public safety responsible after 5 pm; did not understand expectation and will send out messages/sirens activated
Called for volunteer faculty crisis coordinators on campus after 5 to get training and help with after hours

On-line Definition Change (J. Jones)

Hybrids more flexibility and alignment to BoR definition
Taking place in the fall
Gaylor: what about those that meet one day per week; Harmon said these issues will be addressed

Quality Matters (K. White)

3 types of persons: don't know, those vested in system, and outsiders
Response rate of 37%
Resolution in FS last year 22 to 1 to move to instructor only certification

New Business

EKSU (L. Lands)

First reading to change language in TnP to recognize community engagement
Ziegler: line 59 question about addition; pulled from committee definition for engagement and needed to define scholarship that does NOT include peer-reviewed etc. seen as rigorous; wanted it explicit
K. White motion to call question
Vote: ayes carried

Visitors please sign in on the reverse side, thanks!3

Other Matters

Changes to Faculty Handbook (R. Matson)

Questions arose first day on job about 3rd year review for those hired above this level

Review seems out of place for these hires; change language to omit this review for these hires

Asking to change the wording and waive 2nd reading to get into 2013-2014 handbook

Gaylor moved with 2nd to accept Dr. Matson's proposal

Vote: ayes carried

T. Keene thanked senators for their service as well as J. Jones as president and K. White for taking president next year.

K. White presented Tom with a card and related Aristotle's definition of friendship: pleasure, useful, and the right thing to do. Tom embodies the three types of friendship to colleagues and the university.

S. Braden moved with 2nd to adjourn at 4:46 pm.
